LB 118

SENATOR SIECK: Possibly.

SENATOR BEUTLER: Senator Kahle.

SENATOR KAHLE: Mr. President and members, this is a subject that has been talked about many times and we had it in Government Committee last year. When there are people that see, or think they see at least, abuses of the use of government vehicles and I think Senator Sieck has a solution to this problem and a lot of people think that every time they see a government car it is a state car and we have many, many of them in school districts and any number of government license plates and the only difference is I believe the State of Nebraska they do require some other identification on the car, either on the back or on the door to designate a state vehicle. But I think it is a very good idea. That way we can determine very quickly and perhaps some initials could be used if the names are too long as Senator Higgins has mentioned and be coded so that it wouldn't take as long to figure out what branch of government these vehicles were licensed under. Thank you.

SENATOR BEUTLER: Senator Warner.

SENATOR WARNER: Mr. President, I would rise to support Senator Sieck's amendment and I'm sure that it would be helpful to make those identifications, so....

SENATOR BEUTLER: Senator DeCamp.

SENATOR DeCAMP: Is there anybody else? I'll just call the question.

SENATOR BEUTLER: Senator Vickers wishes to speak.

SENATOR VICKERS: That is what I was going to do, call the question.

SENATOR BEUTLER: Okay, Senator Sieck, closing on your amendment.

SENATOR SIECK: I just will ask to support the amendment and vote for it.

SENATOR BEUTLER: The motion is the adoption of the Sieck amendment to LB 118. All those in favor vote aye, opposed nay. Please vote. Please vote. Is there anybody else wishing to vote? Record the vote, Mr. Clerk.

CLERK: 34 ayes, 1 nay, Mr. President, on adoption of Senator Sieck's amendment.
